●● People Matter

At Buchanan Technologies, our people are our most valuable asset. We passionately pursue trust relationships with our people. We reward hard work, encourage, and enable our people to achieve their goals through Servant Leadership. We celebrate individuality. Each individual contributes differently to build a diverse work environment filled with an abundance of skills, talents, knowledge, and creativity. We encourage lifestyle balance because we all work to live.

●● Principles Matter

We stand on principle and integrity in everything we do. There is no substitute for integrity. It takes years to build and only a moment to destroy. Do the right thing, at the right time, for the right reason.

●● Customers Matter

We love our customers. We want insanely happy customers. Happy customers are satisfied for the moment, whereas insanely happy customers build lifelong relationships. We over-deliver on our promises. An abundantly satisfied customer is our greatest marketing tool. Abundant satisfaction is a result of trust. Trust is at the heart of every successful customer relationship.

●● Community Matters

One of our proudest traditions has been our community service. Our employees make a difference through the donation of their time, talents, and resources. We have an obligation to reach out to our communities at large and actively help where help is needed. We can, we do, and we will make a difference.
