

Field Services

Buchanan Technologies has trained, professional Service Technicians nationwide that can be onsite at your place of business usually within 24 hours.

How to schedule services:

Call **1-888.730.2774** to speak to one of our customer service agents or email us at **fieldservice@buchanan.com**

WHO WE ARE

Since 1988, Buchanan Technologies has been committed to delivering cutting-edge IT solutions. With 500 worldwide employees spanning seven time zones, and four (4) 24x7x365 helpdesk support centers, Buchanan is strategically positioned to meet your organization's evolving IT demands. Buchanan's core services include Professional IT Services, Managed Services, Staffing Services, and Product Sales.

We are a team of world-wide technology advocates that work to methodically improve our customers' bottom line by finding ways to maximize your time, money and resources. Through a strategic partnership with Buchanan, you can return to focusing on strategic activities rather than IT support.
